

Andy Fraser Named to New England Regional Council of Carpenters Board of Trustees

Andy Fraser, Founding Principal and Vice President of Commodore Builders, has been appointed to serve as Management Trustee on the board of the New England Regional Council of Carpenters Labor Management Program. In his role, Andy will represent the interests of the New England Carpenters. The appointment recognizes Andy's passion for construction and his dedication to representing the New England Regional Council of Carpenters.

The New England Regional Council of Carpenters represents 25,000 carpenters, drivers, shop, millmen and floorcoverers. The Mission of the Carpenters Labor Management Program is to advance the use of union carpenters, affiliated trades, and union builders. Its purpose is to provide a system for cooperation between signatory contractors and the union. Most functions fall under the categories of research, compliance or promotion, and education. Andy's expertise in the industry will surely have a profound and lasting effect on the NERCC.
