Senior Superintendent Joins Growing Commodore Builders Team

Jimmy Belmonte Brings Biotech Experience to his New Role

(**Newton, MA**)—Dec. 6, 2007—Commodore Builders is pleased to announce that Jimmy Belmonte has joined the Operations team in the role of Senior Superintendent. Jimmy brings to Commodore over 25 years of commercial building experience in the biotech, education, health care, corporate and pharmaceutical industries. Jimmy holds his Massachusetts State Construction Supervisors License, his ABC Boston Builder's License and a Cambridge Superintendents License.

“Jimmy’s got a strong background and outstanding performance record executing complex biotechnology projects. His experience is a perfect fit for Commodore Builders as we continue to expand our work in the laboratory and biotechnology market,” said Tom Comeau, Vice President and Founding Principal of Commodore Builders.

Prior to joining Commodore, Belmonte was a Project Superintendent at Hunter Roberts Construction Group. He has worked at Payton Construction, Barr & Barr and was a Superintendent with Kennedy & Rossi for 14 years.
